

Surface Chemistry of Biological Systems

Filesize: 4.15 MB

Reviews

This ebook is worth acquiring. It is rally fascinating throgh looking at period of time. I am quickly could get a pleasure of reading a created pdf.

(Mekhi Crona)

SURFACE CHEMISTRY OF BIOLOGICAL SYSTEMS

Book Condition: New. Publisher/Verlag: Springer, Berlin | Proceedings of the American Chemical Society Symposium on Surface Chemistry of Biological Systems held in New York City September 11-12, 1969 | This volume of *Advances in Experimental Medicine and Biology* is based on an American Chemical Society Symposium entitled: "Surface Chemistry of Biological Systems", which took place in New York on September 11-12, 1969. Thanks to the special photo offset process used by the publishers, the papers are appearing very soon after their presentation, and at a lower cost than usual. These advantages are appreciated by the scientific community. As the title of the volume indicates we have attempted to bring the scientific approach and techniques of surface chemistry to the complex problems of biological systems. Two previous symposia in this field have been published, one in the *Journal of Colloid and Interface Science* (24:1-127, 1967) and the other in the *Journal of General Physiology* (52:187S-252S, 1968). The previous publication outlets, a chemical and a biological journal, help to emphasize the interdisciplinary nature of the material and also the appropriateness of the choice of *Advances in Experimental Medicine and Biology* for the present symposium. | The Effect of the Modification of Protein Structure on the Properties of Proteins Spread and Adsorbed at the Air-Water Interface.- The Interaction of Calcium with Monolayers of Stearic and Oleic Acid.- Studies of Thermal Transitions of Phospholipids in Water: Effect of Chain Length and Polar Groups of Single Lipids and Mixtures.- The Physical State of Lipids of Biological Importance: Cholesteryl Esters, Cholesterol, Triglyceride.- The Effect of Hydrocarbon Configuration and Cholesterol on Interactions of Choline Phospholipids with Sulfatide.- Lipid-Polymer Interaction in Monolayers: Effect of Conformation of Poly-L-Lysine on Stearic Acid Monolayers.- Interactions of DNA with Positively Charged Monolayers.- The Effect of Modifiers on the Intrinsic Properties of...
