

The Decline of Power, 1915-1964

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.
(Prof. Loyce Runolfsson Jr.)

Paperback. Book Condition: New. Not Signed; Between the disintegration of the Liberal Party in 1915 and the election of Harold Wilson's Labour in 1964, Britain weathered a turbulent half-century including two world wars and many profound socio-political changes. What did not survive this tumult was Britain's sea-based Empire, as the great land-based USA and USSR now assumed dominance. With customary wit, scholarship and wisdom Robert Blake guides the reader through Britain's slow decline from the world's premier power to a nation with no military commitments East of Suez: still important, wishing to see itself as 'a cut above the rest', but now effectively no better than third-ranking. [T]he most successful sections [are] the four brilliant chapters on the Second World War. But it is not only for these that The Decline of Power should be read. It is a fair-minded book. fluently, even racily written. (Peter Pulzer, London Review of Books). book.
