Ordinary people living extraordinary lives. A strong family support group is needed to care for people with serious mental illnesses. This story is a true romance story which includes a tale of family and difficult life choices. For those of you unaware about Borderline Personality Disorder it is diagnosed by five of the nine prerequisites from the DSM-IV-TR. BPD is manifested by a pervasive pattern of instability of interpersonal relationships, self-image, and affects, and marked impulsivity beginning by early adulthood and present in a variety of contexts including 1. Frantic efforts to avoid real or imagined abandonment. 2. A pattern of unstable and intense interpersonal relationships characterized by alternating between extremes of idealization and devaluation. This is called splitting 3. Identity disturbance: markedly and persistently unstable self-image or sense of self. 4. Impulsivity in at least two areas that are potentially self-damaging (e.g., spending, sex, substance abuse, reckless driving, binge eating). 5. Recurrent suicidal behavior, gestures, or threats,...
