B-274047 The eight studies on gender equity in intercollegiate athletics that we Studies Show Some identified showed that womens athletic programs have made slight Advances in Gender advances since 1992 toward gender equity as measured by the number of sports available to female students, the number of females participating in Equity but Womens athletics, and the percentage of scholarship expenditures for womens Athletic Programs sports. The studies also show, however, that womens programs remain behind mens programs as measured by the percentage of female head Still Are Not coaches, comparable salaries for coaches, and ratio of student athletes to Comparable With undergraduate enrollment. Mens Programs in All eight studies were national in scope and examined gender equity in the Some Respects-member schools since 1992. Although most of NCAA athletic programs at the studies used surveys, some studies were based on different sample sizes or time...

### Reviews

*This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.*

-- **Andres Bashirian**

*Comprehensive guide for publication fanatics. This really is for all who statte there had not been a well worth reading through. I discovered this ebook from my dad and i encouraged this book to find out.*
